The Saint Paul Police Department Professional Development Institute is sponsoring a two-day course designed to introduce shooters of all skill levels to modern pistol techniques. This course will cover the reasons why a particular grip, stance and presentation of the pistol are more effective than other techniques that may have been taught in the past. Students will be given individual attention to assure the basics are being properly executed, and then demanded during all drills. Successful student participation will assure shooting skills have exceeded any past abilities.

Equipment: Participants are required to bring their duty belt, holster, service weapon with at least 3 magazines, baseball type cap, and eye and ear protection.

Ammunition: Each student will need to bring 1500 rounds of ball or practice ammunition as well as 200 rounds of LAWMAN RHT LEAD FREE FRANGIBLE (no other frangible will be allowed).
